• **GOOGLE BUSINESS REGISTRATION**

We will create and verify your business profile on Google My Business, so your customers can easily find you online. This includes:

- Creating your Google Business Profile
- Adding your business name, address, phone number, and website
- Uploading photos, logos, and working hours
- Category selection to help you appear in relevant searches
- Enabling customer reviews and Google Maps visibility

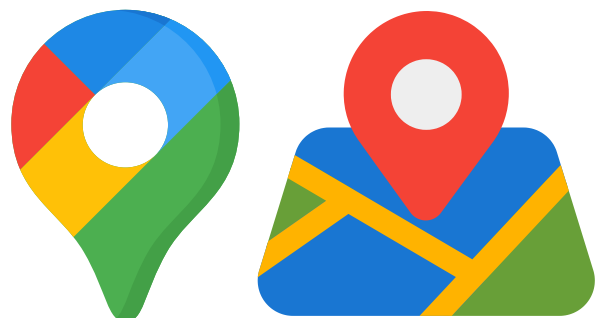

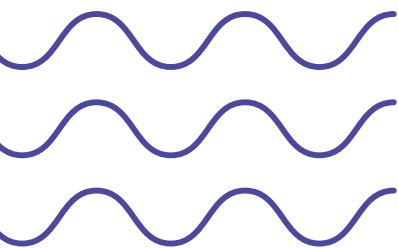

• **GOOGLE MAP LISTING**

We will list your business on Google Maps so that customers can easily locate and navigate to your place. This includes:

- Adding your business location on Google Maps
- Linking it with your Google Business Profile
- Setting up accurate address, directions, and pin location
- Adding business hours, contact number, and category
- Ensuring your business appears in local search results

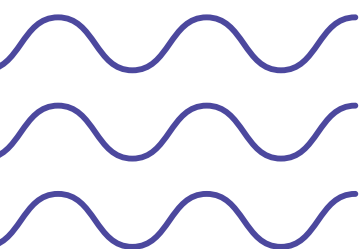

• **SOCIAL MEDIA PAGE CREATION**

FACEBOOK, INSTAGRAM, LINKEDIN

We will create and professionally set up your business presence on major social media platforms to help you connect with more customers online. This includes

- Creating and optimizing your Facebook Business Page
- Setting up a professional Instagram Business Profile
- Creating a polished LinkedIn Business Page
- Connecting accounts (if needed) for better reach
- Adding a basic "About Us" and service description

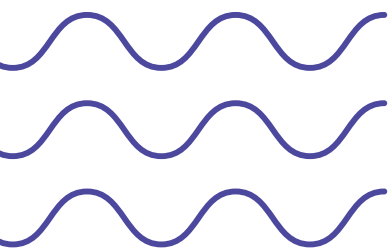

• **FESTIVAL POSTERS WITH YOUR BUSINESS NAME**

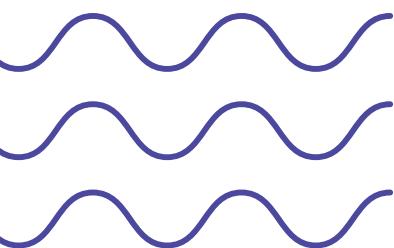

We will design custom festival-themed posters featuring your business name to help you stay relevant during key celebrations. This includes:

- 3–4 unique posters per month for popular festivals (e.g., Diwali, Eid, Christmas, etc.)
- Incorporating your business name, logo, and special offers
- Optimized for social media sharing and print distribution
- High-quality designs tailored to each festival's theme

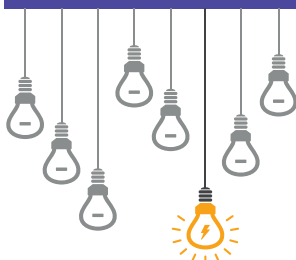

GRAPHIC POSTER (BUSINESS-RELATED)

- We will design eye-catching and professional posters to promote your business both online and offline. This includes:

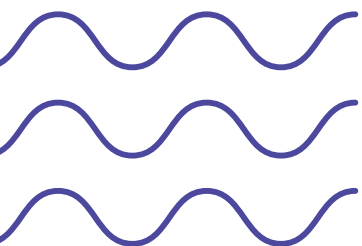

- Custom-designed business promotional posters
- Creative layouts with your logo, contact details, and offers
- 100% original and brand-specific designs

• **GOOGLE REVIEW STRATEGY GUIDE**

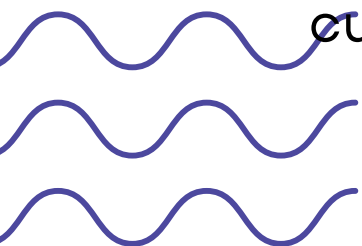

- We will help you build a strong online reputation by guiding you through the process of collecting Google reviews. This includes:
- Best practices for asking customers for reviews
- How to respond to positive and negative feedback
- Techniques to increase review quantity and maintain quality
- Tips on utilizing reviews for business growth and customer trust

• **WHATSAPP BUSINESS SETUP (AUTO REPLY, CATALOG, ETC.)**

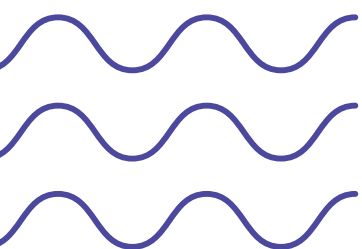

- We will set up and optimize your WhatsApp Business account to improve customer communication and engagement. This includes:
- Setting up auto-reply messages for quick customer interaction
- Creating a product/service catalog for easy sharing
- Setting up quick replies for common questions
- Enabling broadcast lists to reach multiple customers at once

• **BUSINESS EMAIL SETUP**

- We will set up a professional business email address that reflects your brand. This includes:
 - Creating a custom email address (e.g., `yourname@yourbusiness.com`)
 - Setting up email forwarding and signature for consistency
 - Configuring access through webmail or email clients
 - Ensuring secure and professional communication

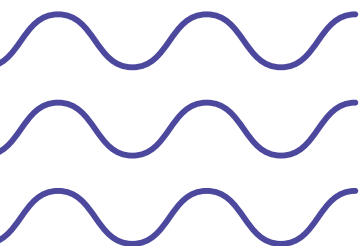

• **INDIAMART**

REGISTRATION

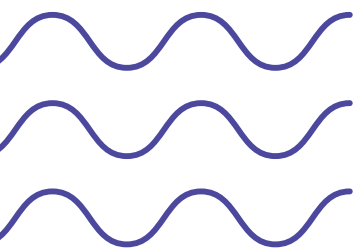

- We will help you get your business listed on IndiaMART, one of India's leading B2B platforms, to increase your sales and reach. This includes:
 - Creating and setting up your IndiaMART business profile
 - Adding your company details, product/service catalog, and contact information
 - Optimizing your profile for better visibility and leads
 - Guidance on how to respond to customer inquiries effectively
